## About Me

---

I'm a fullstack developer that gets excited about the endless possibilities that come with web development and technology. This profession gives people the opportunity to learn something new everyday, and that's what makes it so unique and special. I am looking for a team that encourages members to think outside the box and push the limits of technology.

## Projects

---

### RoadRate

- The Internet's first public drivers database. Rate, review, and register license plates.
- Worked on the frontend, backend, and testing of this application.  
Technologies: JavaScript, React, React Hooks, Node, Express, Mocha, Chai, HTML, CSS

### Italian 5000

- Word learning app utilizing a spaced repetition algorithm.
- Worked on the frontend, backend, and developed the spaced repetition algorithm for this application.  
Technologies: JavaScript, React, Node, Express, HTML, CSS

### Donna's Craft's 'n Creations

- Retail website for a small business owner that sells wreaths, crafts, and other handmade decorative items.  
Technologies: JavaScript, React, Redux, Node, Express, HTML, CSS

## Experience

---

### Insight Global, *Professional IT Recruiter*

Jun 2015 – Jun 2018

Responsibilities:

- Utilized leadership skills in an office setting to train new hires, delegate workloads, encourage and monitor recruiters, report progress, and conduct production meetings and role play
- Owned sourcing, submittal, phone interview, onsite interview, and on-boarding process for a wide array of technical and non-technical jobs within the Philadelphia market

### Janssen Research and Development (DOCS Global, Inc), *GTM-CTA*

May 2013 – May 2015

Responsibilities:

- Full Life Cycle management of Phase I, II, III, and IV clinical trials
- Led compliance meetings with global trial managers.
- Worked on multiple trials simultaneously and oversaw 12+ countries and 100+ sites for each trial

## Education

---

### Thinkful Bootcamp

Oct 2018 – March 2019

*Engineering Immersion – Full-stack Development*

- Learned new languages and frameworks while completing multiple projects. Developed skills in full-stack web development.

### Pennsylvania State University
